Brief Overview of School

Central High School will foster a healthy and conducive learning environment to empower our students to be engaged by attending school daily, which will assist in the development of social, academic and life skills. Supportive services will be delivered through respectful relationships through wrap around and support and collaboration. We will strengthen career awareness, professional skills and prepare students for postsecondary education upon graduation. All Central High School students will graduate with knowledge and skills that will enable them to become life-long learners and productive citizens of a global society.
