BID BOND

(1) Solicitations on all construction contracts when the contract is expected to exceed \$100,000 require the submission of bid security in an amount equal to at least 5 percent of the amount of the bid or price proposal except that, for bids stating a rate but not a total cost, the bid bond shall be in an amount as determined by the purchasing director. Bid security or evidence of the posting of bid security shall be submitted with the bid or proposal. Bid bonds may be required for any other procurement over \$50,000, as determined by the purchasing director. If a contractor or vendor fails to accompany its bid with the required bid security, the bid shall be considered nonresponsive and rejected.

(2) The purchasing director may require a bid security for a bid or proposal for services, supplies, maintenance, or construction-related services if the contract is expected to exceed \$50,000. The purchasing director shall set the amount of the security.

Failure to Comply. If bid security is provided by a bidder in an amount less than that required by this section, the bid shall be rejected as nonresponsive, unless the purchasing director determines that the deficiency in the amount of security provided is insubstantial and acceptance is in the best interests of the Board, and that:

- (2) The bid security became inadequate as a result of the correction of a mistake in the bid or proposal, or as a result of a modification in the bid or proposal in accordance with applicable regulations, and the bidder or offeror increased the amount of bid security to required limits within 48 hours after the correction or modification; or
- (3) After consideration of the risks involved and the difference between the lowest bid and the next lowest bid, fiscal advantage could reasonably be expected to accrue to the Board from acceptance of the lowest bid.

C. Withdrawal of Bid or Proposal Before Award. If a bidder or offeror is permitted to withdraw a bid or proposal before award because of a mistake in the bid or proposal, action may not be taken against the bid security. Otherwise, action may be taken against the bid security of a bidder or offeror that withdraws a bid or offer. (COMAR 21.06.07.09)

The performance bond shall be delivered by the contractor to the Board not later than 10 days following contract execution. If a contractor fails to deliver the required performance bond, the contractor's bid shall be rejected, its bid security shall be enforced, and award of the contract may be made to the next lowest responsive and responsible bidder.
