

**School Performance Plan At-a-Glance  
Executive Summary  
SY19-20**

**Introduction**

In alignment with the goals and priorities of Prince George's County Public Schools (PGCPS), the School Performance Plan (SPP) allows for a transparent and collaborative school improvement process with a focus on student achievement.

The SPP is designed to engage school leaders and stakeholders in a structured data analysis process that leads to the creation of SMART Goals targeted to impact student achievement. Through the successful utilization of the SPP, schools are able to assess, plan, and monitor targeted improvements in challenge areas.

<b>School Profile</b>			
<u><a href="#">Bladensburg High School Performance Plan</a></u>		<b>School Code</b>	<b>School Designation</b>
<b>School Name</b>	Bladensburg HS	02308	<b>TSI: Economically Disadvantaged; English Learner</b>

<b>Identification of 3 Priority Challenges, SMART Goals, &amp; Focus Area Identification</b>		
<b>Identify Prioritized Challenges Statements</b>  What are the 3 prioritized challenge statements?	<b>SMART Goal</b>	<b>Focus Areas</b>  What will we focus on to address this challenge?  <i>These focus areas will be used to craft the SMART goal for this challenge area.</i>
<p><b>1</b> A three-year trend in PARCC ALG 1 data indicates that more than 90% of students did not meet or exceed expectations. The following may be some of the contributing factors: one-third of the teaching staff had only 1-3 years of teaching experience, and others were teaching out of their certification areas. This trend was evident amongst Algebra I instructors.</p>	<p>During the 2019-2020 school year, the percentage of first-time test takers scoring at a level 3 or higher will increase by 3-5 percentage points on the MCAP Algebra 1.</p>	<ul style="list-style-type: none"> <li>● Growth in our 1st time test takers in Algebra 1</li> <li>● Professional development to build teacher pedagogical capacity</li> <li>● Extended collaborative planning to allow more time for teacher planning, analysis of data, examining student work, and participation in lesson/unit studies.</li> <li>● Build a culture of collaboration and learning throughout the school. Through a collaborative effort, professional educators, administrators, and teachers need to develop programs that will help keep the teacher in the classroom</li> </ul>
